CARBON REDUCTION PLAN

Supplier name: ...Wockhardt UK.....

Publication date: ...April 2026.....

Commitment to achieving Net Zero

Wockhardt UK (including all subsidiaries) are committed to achieving Net Zero emissions by 2050.

Baseline Emissions Footprint

Baseline emissions are a record of the greenhouse gases that have been produced in the past and were produced prior to the introduction of any strategies to reduce emissions. Baseline emissions are the reference point against which emissions reduction can be measured.

Baseline Year: 2021 (Scope 1 & 2) 2024 (Scope 3)	
Additional Details relating to the Baseline Emissions calculations.	
Scope 1 and 2 have a base year of 2021 – this takes into account operational changes associated with vaccination production processes. Scope 3 has a base year of 2024 but please note: some aspects of Scope 3 are subject to further development and checking with additional categories and operational areas	
Baseline year emissions:	
EMISSIONS	TOTAL (tCO₂e)
Scope 1	1739.6 (2021)
Scope 2	1807.43 (2021)
Scope 3 (Included Sources)	24596.94 (2024)
Total Emissions	28143.97

Current Emissions Reporting

Reporting Year: 2025	
EMISSIONS	TOTAL (tCO ₂ e)
Scope 1	1724.57
Scope 2	42.77
Scope 3 (Included Sources)	23,401.94
Total Emissions	25,169.29 tonnes

Emissions reduction targets

In order to continue our progress to achieving Net Zero, we have adopted the following carbon reduction targets.

We aim for a 30% reduction of Scope 1 and 2 emissions by 2026.

We project that total carbon emissions must decrease over the next five years to **15,867 tCO₂e** by 2029. This is a total reduction of **40%**

Progress against these targets can be seen in the graph below:

Carbon Reduction Projects

Completed Carbon Reduction Initiatives

The following environmental management measures and projects have been completed or implemented since the 2021 (Scope 2) base year. The purchase of renewable energy certificates for Scope 2 emissions. The carbon emission reduction achieved by these schemes equate to 1807.4 tCO₂e, a 100%ge reduction against the 2021 base year for Scope 2 and the measures will be in effect when performing the contract.

Use of renewable energy certificates has substantially reduced our Scope 2 emissions. The remaining emissions are limited to Unit 10.

We have continued the process of calculating all our Scope 3 emissions and identified areas where calculation has been improved. The coverage of Scope 3 emissions is considered to be comprehensive and to cover all areas applicable to the business. We use monthly review of data and have senior management support for this important initiative.

We have an environmental management plan that includes key aspects such as switching off redundant equipment and mindful purchase of company vehicles.

In the future we hope to implement further measures such as:

Work on calculation of individual product carbon footprints is on-going in keeping with the NHS target in place of 2028. This questionnaire response is included in our Carbon Reduction Plan that will be maintained to communicate savings and positive measures in place within Wockhardt UK.

Wockhardt UK Carbon Reduction Plan – April 2026

Declaration and Sign Off

This Carbon Reduction Plan has been completed in accordance with PPN 06/21 and associated guidance and reporting standard for Carbon Reduction Plans.

Emissions have been reported and recorded in accordance with the published reporting standard for Carbon Reduction Plans and the GHG Reporting Protocol corporate standard¹ and uses the appropriate Government emission conversion factors for greenhouse gas company reporting².

Scope 1 and Scope 2 emissions have been reported in accordance with SECR requirements, and the required subset of Scope 3 emissions have been reported in accordance with the published reporting standard for Carbon Reduction Plans and the Corporate Value Chain (Scope 3) Standard³.

This Carbon Reduction Plan has been reviewed and signed off by the board of directors (or equivalent management body).

Signed on behalf of the Supplier:
